**My favourite school event**

**By 3C Mak Ka Chun**

My favourite school event is the school picnic. It is usually on the day after our final exams. This year it is on the twenty-first of November in the country park.

The school picnic is for all classmates. We have this event so that we can have a fun time together.

At the school picnic, we play wonderful group games, like dodgeball, true lies and singing bingo. The games are amusing, entertaining and hilarious. We bring a lot of food, like crispy potato chips, fried chicken wings, juicy sausages, sweet bananas, fragrant apples and sugary grapes. They are mouth-watering.

I love the school picnic best because it is fun and fantastic. Students are delighted and joyful on that day. It is a good time for students to get together and know each other.

**My favourite teacher**

**By 4D Yeung Ting Yan**

My favourite teacher is Miss So. She teaches us English and always makes the class fun and interesting. She tells us stories and asks us questions and she always listens to our answers.

Miss So is also very kind. When we have problems, she always helps us solve them. She encourages us to do our best and always gives us prizes when we do well.

I am very lucky to have Miss So as my English teacher. She has taught me so much and I know that I will always remember her. Thank you, Miss So, for being my favourite teacher.

**My favourite classmate**

**By 4A Ashley Chik**

Bella is my favourite classmate. She has been my best classmate for two years.

She is very tall and thin. She has long black hair. She is very helpful because she always helps teachers carry heavy books and she teaches us how to solve difficult questions in the class. She sits next to me. We always talk to each other. She likes reading books and eating healthy food. I like playing music with her too.

I like her very much because we always play together and she is like a big sister to me.

My favourite teacher is Miss Ha. Miss Ha has short black hair and bright eyes. She is tall and thin. Her voice is gentle. She works very prudently.

Miss Ha is our class teacher. She teaches us a lot about being human. She is also our English and Buddhist teacher. She teaches us attentively. When we encounter difficulties, she will solve them together with us as soon as possible.

In class, Miss Ha and we study, think and make progress together. After class, she leads us on outings and visits and we have a great time. These scenes are unforgettable.

I like Miss Ha because she often teaches us to be honest. She is my life mentor. She is very patient, caring and loves the job of teaching. I hope to become an excellent person like her in the future.

I want to thank Miss Ha. Thank her for teaching and caring for me. I also want to thank the school, thank all the teachers and thank you for giving me a happy six year primary school life. I will continue to study hard after entering high school.

**My unforgettable experience at school**

**By 6A Zheng Guo**

Time passes like a flash. In my school, I've got many memories inside. But there's one that I will never forget.

It happened during P.2. On that day, the weather was sunny and warm. Our school went on a school picnic. When we arrived, some of our schoolmates set up a small tent and played games inside. Those who didn't have a tent placed a soft blanket or a big cloth on the grassland.

My friends and I had a picnic. We ate sandwiches and snacks. We also drank some juice. Wendy even brought us soup that her mum had made. We chatted happily whilst we were eating.

After eating, I played Frisbee with the boys in our class. One of the boys threw away the Frisbee so vigorously that it flew so far away. It hit a kite and flew to a place where we couldn't retrieve it. Fortunately, a worker there saw the Frisbee and threw it back to us.

The P.6 students had a BBQ there. I could smell the flavour of the roasted meat. That made my mouth water!

After playing for a long time, we had to go. The bus ride back to the school was quiet because everyone was exhausted after such a fun day. We had a great time. I will never forget this fantastic memory.

**My unforgettable experience at school**

**By 6A Chan Hoi Ching**

My most unforgettable experience at school happened on Sports Day last year.

Sports day was held at North District Sports Ground. All of our school members came and the playground was filled with a lively atmosphere. There were many sports events such as running and long jump. All of us were fully engaged when we were watching the other competitions and we cheered a lot. I joined the long run competition. I felt a bit nervous at the beginning because I was afraid to lose.

Before the competition started, my friends encouraged me to try my best so I calmed myself down. Halfway through the competition, I was very tired but I didn't give up. In the end, I won the first prize and I burst into tears and cheered. My teacher and classmates were proud of me.

Winning a gold medal was a joyful experience. I learnt a lesson that we shouldn't give up and we should try our very best to reach our goals. I will never forget that day. It was the most unforgettable experience that I ever had.
